Dear Mr. Minister Cvetkovic and Dear Ms. Djurić,

Modernization of South-East European Financial Sector

We are delighted that you will meet with the SPI Romania Secretariat on 27 July, together with the Head of the Convergence Program, to help you consider launching a similar program in Serbia.

The SPI Romania, which has significantly deepened the technical dialogue among authorities, financial institutions and consumer association, has already resulted in important infrastructural improvements, such as full credit information sharing, electronic processing of debit instruments, and creation of a bank ombudsman function.

We believe that the setting up of another SPI structure in South Eastern Europe will deepen regional collaboration and will help design effective solutions to similar problems, in the context of EU accession.

The Romanian SPI Committee stands ready to provide you with further support and involvement in helping you implement SPI Serbia.

Sincerely,

Florin Georgescu
First Deputy Governor
National Bank of Romania
SPI Committee Member
